RE: MB Docket No. 04-233

Dear FCC:

I understand that you are considering a regulatory change that would allow local low power FM stations to take precedence over network translators.

While I applaud your efforts to encourage and expand local radio broadcasting and local content, I would hate to for it to be at the expense of networks such as CSN (Calvary Satellite Network) and KLOVE, which provide such valuable services to our community and which depend on translator services to reach it.

These two networks offer uplifting, edifying, educational, inspiring, and non-commercial Christian programming that is so vital to so many local residents. While there are a plethora of commercial stations in the Santa Barbara and Santa Maria areas that dole out the standard ration of rock & roll, news, and talk; there are so few that offer programming that is truly worthwhile and beneficial to the community. And while I occasionally enjoy those other formats, I and many of my friends find ourselves listening almost exclusively to the local CSN and KLOVE stations precisely because of their qualities.

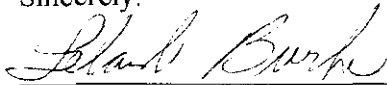

For example, I can't tell you how many times I've been listening to call-in shows on CSN when someone calls in for help with extreme depression or discouragement, marital difficulties or addictions, and are able to receive immediate prayer, encouragement, and referrals for counseling. Or how many times I've heard testimonials of someone who was at the end of their rope when they happened to hear a song on KLOVE that gave them hope and redirected their life.

It's impossible to know many lives have been saved or restored through the programming on these networks, or how many could be lost if this programming wasn't available.

No. of Copies rec'd 0  
Lit. ADDE

Please don't hinder networks with this type of programming from reaching our community. There is such a dominance of programming which glorifies and encourages violence, drug abuse, adultery, greed, and all other sorts of depravity in our local commercial media. As a volunteer jail chaplain, I'm confronted constantly with the results. Whether it's locally created or not, the last thing we need is more of that kind of programming or less of the type offered by CSN and KLOVE.

Sincerely:

Re: MB Docket No. 04-233

To Whom it May Concern:

We are writing to express our concern about the possibility that radio stations using translator service could be forced off the air and to comment on the value of one such station, K-LOVE, to our family and community.

Our family listens to K-LOVE (FM 91.3 in San Antonio) daily. We have our radios, both in our home and in our cars, set to this station because it is the one we listen to most often. In fact, we listen to it almost exclusively. The music we hear on K-LOVE is positive and encouraging. It is safe for our whole family to listen to. We don't have to worry about the lyrics of the songs not being appropriate or what the DJ's might say. We get important news and information regarding our community and nation that are not available on other radio stations. We support K-LOVE with financial contributions because we want to keep it on the air. K-LOVE offers something to us that is not available on any other station and the loss of this station would be a tremendous loss to our family.

We know many people who listen to K-LOVE in our community. Just yesterday a lady told me how comforting she found the music on K-LOVE after experiencing the tragic death of a loved one recently. The songs gave her solace and hope. These songs are not played on other stations. Many people have told how their long commutes to work are made enjoyable by listening to K-LOVE. Others have told how K-LOVE has helped them in some aspect of their life. We don't see these kind of positive results from the commercial stations in our city. It would be a significant loss to the population of San Antonio and surrounding areas to not have this station in our community.

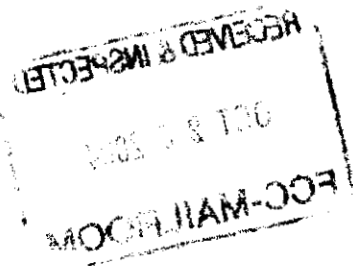

Finally, I must state very strongly that the service provided by K-LOVE is in the public interest of this entire nation. Our nation is sorely lacking in providing not only decent, but also encouraging programming on its airwaves. For the millions of families that listen to K-LOVE stations, this service is invaluable and indispensable in our lives. We would not have an alternative for our families that would even come close to comparing to K-LOVE.

Sincerely,

*Larry & Wanda Laxson*

Re: MB Docket No. 04-233

To Whom It May Concern:

Listening to K-Love helps me and encourages me. The message of K-Love is helping to make me a better person which in turn helps me to serve my community better.

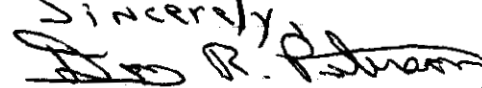

I'm not sure the local ~~economy~~ economy could support a local Christian radio station. The effect of not having K-Love would be negative and detrimental to me and, I believe, to my community.

In times of personal and/or larger crises it is comforting to know I can turn on the radio and hear a message or a song that is uplifting and positive.

I believe what K-Love offers is vital to the public interest and would be very hard to replace.

Please do not give preference to LPFM to the detriment of stations such as K-Love.

RE: MB Docket No. 04-233

I am writing today because of our concern about losing or perhaps changing the way we listen to our radio station. In particular AIR 1 (90.1). With all the adversities our teens and our younger generation children are faced with, AIR 1 provides a positive alternative in music. The food that we receive from AIR 1 cannot be compared with the food we intake to keep ourselves alive. AIR 1 brings hope, a better future, a new beginning!!!! I am completely outraged that your organization would even consider or get to a point where it would need public input to back up what AIR 1 means to my community and thousands of others. Have you ever had children? Have you ever had a child go down the wrong path? There is nothing more to be said! If we could save a couple thousand youths, how much better would our future world be? There are so so many kids in my community and the surrounding cities that all can relate to music through AIR 1. The artist on AIR 1 have concerts year round. Our family have been to many of them. Unlike other concerts of today in which the kids are taking ecstasy, crack cocaine, marijuana, LSD and many other drugs, the concerts that AIR 1 announces brings our communities together. There are games, contests, food, and so so much good, clean fun!!!!

Why have we allowed ourselves to stoop so low that we would even think of taking a station off the air that can make a difference in the kids of today? What is wrong with our thinking? These are not fanatic kids, out to harm the world or bring harm to a nation. The kids that listen to AIR 1, along with many of the parents, are not looking to add terror to this terror filled world. We are joining together to make a difference. Just look at all the monetary support AIR 1 receives. That alone speaks for its self. Does AIR 1 struggle? Of course, they get no outside help other than what the listeners provide.

If anything, search your own soul.....

Sincerely,

Julie Lozano

FCC - MAILROOM

DOCKET FILE 2004-10-17-04

Dear F.C.C.,

This letter is in reference to "M.B Docket No. 04-233". I was recently informed that my favorite radio station, "AIR 1 88.9", may be replaced by a LPFM broadcaster providing other programming. I am opposed to such a change as I and many others, are benefitting from the AIR 1 programming. In a world dominated by pornography, violence, and self serving interests it is a refreshing change to be treated to the kind of music & commentaries AIR 1 provides.

Air 1 is my, by far, favorite station with K-LOVE as a strong runner up. Encouraging, peaceful, Jesus promoting, loving and kind, formats are what draws me to these stations, particularly AIR 1. If you were to pull AIR 1 you would be pulling the hope of many with it. I believe by pulling AIR 1 you would be helping to populate the place where I reside.

Thank You

Sincerely

To Whom it May Concern:

K-LOVE radio is one of very few radio stations I listen to. I can count on it to play uplifting and encouraging music. It is difficult to believe that some music + lyrics are allowed on the airwaves. I have grandkids and I would be ashamed for them to hear some of the trash labeled as music nowadays.

We need stations such as KLOVE in our community. I believe they provide a wonderful alternative to people and especially our youth. I would be saddened if KLOVE were to be displaced by an LPFM broadcaster.

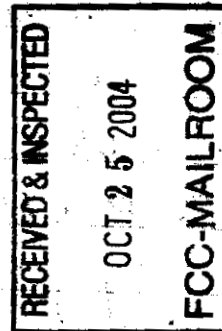

Please reconsider forcing FM translators off the air. We truly need positive programming. I ask you to not

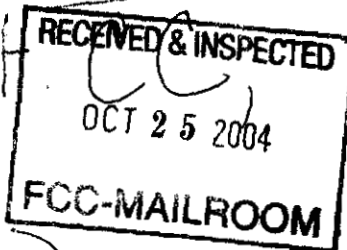

take KLOVE off the air.

Sincerely,

Sandra Schultz  
2161 E. Chesapeake Dr.  
Gilbert, AZ 85234

I hear KLOVE  
on 105.5 FM. also 89.1 ← although <sup>on this</sup> the  
reception sound is very compromised  
by competing stations.

MB Docket No. 04233

Oct. 18 04

DOCKETED

1) K-Love serves me and my community by offering an alternative to the pollution that litters our airwaves. Since it is listener supported it has a christian<sup>form</sup> which is needed and wanted. And aside from derogatory banter and filthy lyrics, K Love is also free of commercials. We choose this we support this.

2) If K-Love were displaced, I and many others would be devastated. We choose KLOVE

I thought the purpose of the FCC was to keep stations in compliance. How about cleaning up some of the objectionable Garbage that is allowed to be broadcast, and leaving our beacon of light alone.

Oct 19, 2004

To Whom it May Concern,

I am writing in Reference to NB Docket No. 04-233. I understand that my Radio Station, Klove 90.5, out of Albuquerque, NM could be forced off the air.

I am one of thousands across this country who are encouraged by Klove every day. The music is uplifting and is a daily routine for me & my family.

If not for Klove, I would choose to listen to CDs & tapes. Klove is the only radio station I am tuned to.

Although there is other Christian programming available, I chose Klove because of the uninterrupted music anytime of the day or night.

I feel there is an enormous amount of radio programming out there that is not only detrimental & destructive to the minds & hearts

of our children but us as  
adults as well.

Klove offers refreshing music  
& conversation without is rarely  
found on secular stations. When  
listening to Klove, none of the  
music makes reference to sex, drugs,  
murder, depression or hatred.

The music is uplifting, encouraging  
& peaceful. I would much rather  
hear my children singing from  
the Back Seat, "It's Gonna Be  
A Red Letter Day" than "Du Hast".  
My children are happy & well  
adjusted & Klove has been a  
part of that.

My plea is that Klove  
remain on the air as a  
positive force in the lives of  
my family & my community.

Thank you for your time,

Judy McInty

DOCKET FILE COPY ORIGINAL

In Reference to "MB Docket NO.04-233"

To FCC, to whom it may concern,

Please do not let LPFM stations have priority over our K-LOVE radio signal. Having this particular "family friendly" radio station in my outlying area is extremely important to me, my family and many in our community.

We have limited reception, access of decent radio stations on our FM dial, and we really treasure our K-LOVE station; please don't make us lose it.

America needs these wholesome stations, our choices are "bump & grind" and "my mother left her boyfriend to date my best friend's Cowdog"; these are not healthy values.

K-LOVE promotes a positive attitude, it's what I drive to work with, and it's what my teenage daughter and her friends listen to. The attitudes they gain from this encouraging station are priceless.

FCC-MAILROOM

Dear Representative of the FCC

My wife and I received a disturbing letter about the possibility of the FCC replacing our K-Love station (88.1 in Glenwood, Iowa) with a 2P7M. The removal of such a strong, positive, encouraging Christian family station would be detrimental to our family, and to our community. Here are some of the reasons we feel that it would be a travesty to remove K-Love:

- 1) The positive encouragement in Christ would be gone
- 2) the strong family values encouraged by K-Love would be lost.
- 3) the world updates from a christian perspective would be lost.
- 4) we did not have to censor the program for our family
- 5) This station has been funded by the people, and as such people want to hear it.

No. of Copies rec'd \_\_\_\_\_  
List ABCDE \_\_\_\_\_

If you just take these five reasons you can understand how we as a family have drawn closer to each other, as well as to members of our community.

Let us look at this a little differently. If K-Love was not there with the positive encouragement in Christ, and a SPFM with say a rap, or pop rock, or Rock station, or an alternative station was playing music, what would be the message from the songs/music? ~~be~~. Would they be encouraging our children to remain abstinate, to not do drugs, to stay away from crime or to not look upon our law enforcement as hate mongers trying to hold the people down. I have listened to many genres of music and most do not support moral behaviors in any fashion. If you change this station we will not be listening to the radio.

This radio station was founded  
on faith, and as such seeks to  
bring God's great love to the  
people. We do not know about  
you, but we prefer people who  
know and choose to follow God.  
His words are more than moral  
I should be doing, they are moral  
must be doing. I realize that we  
all that we all fall short of God's  
glory, however without the positive  
encouragement provided by God through  
K-Love how easy it would be to  
fall to the wayside and stop caring.  
Our family hopes and prays to  
be one of millions of responses that  
you get in reference to this possibility.  
Thank you for taking the time to  
ask an opinion of the situation.

Sincerely,

The Holaway Household

We are concerned about our  
favorite RADIO stations across our  
great Nation being forced off the air  
by LP FM stations. Our favorite  
stations are on FM translators.

Our local town (Big Spring, TEXAS)  
is served by an FM station (translator),  
and it is A K-LOVE station. If this  
station is displaced by an LP FM station,  
it would affect THOUSANDS of dedicated  
listeners in our town. This is a Christian  
community that enjoys K-LOVE.

DOCKET FILE COPY ORIGINAL

Dear Federal Communications Commission,

I have written this letter to you concerning Air 1 Radio Station. Air 1 is on of the greatest radio stations America has ever seen, and desperately needs to stay on the air in every city it currently is in. This Christian radio station is needed in ever single city in the united states and even the world! The Lord God created the United States to be a witness of His grace to the entire world, and America is failing that calling desperately with all the immorality going on the United States. We need to focus on our Lord and Savior Jesus Christ and fight the good fight once again. And the FCC could be a great tool for the Lord to use to bring this nation back to it's historical Godly roots!

The Effects of Christian radio stations call people to live a life devoted to God and give people hope for life and peace! It has even brought many people to stop from committing suicide, hurting others and live lives of repentance. What other kind of radio stations have you heard this news from? Only ministries that work for the will of God can change lives for the better, but our nation is promoting many evils and declines to the moral stature of our society. The Christian foundations uphold the moral and structural fabrics of our society, without which we are doomed! This is why I say the FCC should band secular and ungodly music, which his all over the shelves at your local music store which promote Satanism and witchcraft, and the FCC should promote and give more air space to Christian radio station like Air 1!

Millions in every city are interested in Air 1, and the more that people listen the more it changes their lives and shows them a place for truth and peace from a world that is so demanding of them. More then this, I know Air 1 radio station is a interest to God Almighty because it glorifies Him, and that is what we as Americans should be doing, instead of living for temporal things like money and possessions which will one day fade away, we should be living to serve the one true God of heaven and earth!

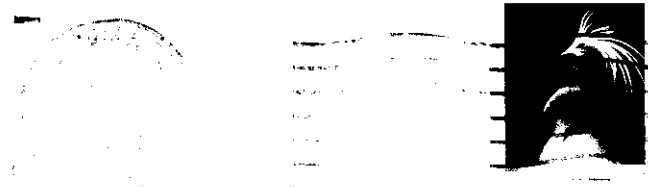

Thank you very much and God bless you,

  
David Spence

To whom It May Concern:

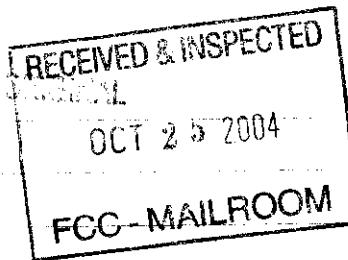

I listen to  
Air One daily  
now, and it's  
pretty much  
the only  
station I  
ever listen  
to, even  
though it's  
sometimes  
more  
difficult to  
tune into.

I recently was informed that the introduction of Low Power FM (LPFM) expansion could force some stations off the air. One of these stations would be my absolute favorite, Air 1, a national service-based out of California. I found a local Air 1 radio station after becoming incarcerated and searching for an uplifting resource to listen to and draw from. Their slogan, "The Positive Alternative," is a perfect statement of how Air 1 influences me and its listeners. It's helped me keep a brighter outlook on things, but it's the only station of its kind around here - probably in the whole state of Indiana, as far as I know. K-LUV, it's sister station known as the "Positive, Encouraging" station is also of great value to the hundreds of thousands who listen (maybe millions, between the two). If these LPFMs were to take priority and replace these kind of stations, we would be left without the huge positive influence they have. I think the fact that these stations are completely listener supported alone says a great deal for how much they are appreciated and respected. In times when most other music is drawing off of either materialism, rage, or sorrow, radio stations like Air 1 are in my opinion a vital alternative to keep available, encouraging, enlightening, and inspiring -- POSITIVE!!! Please do not enact changes which would force current FM translator services off the air.

SINCERELY, Joe Hillman

Dear Sirs,

I am opposed to you expanding LPFM stations and giving priority to them over FM translator service.

I, along with my entire family and many friends listen to K-LOVE. We depend on this positive & encouraging station. We listen to it on 24 hours a day in our bedrooms. We would be without the support we need if K-LOVE was displaced by an LPFM station.

This station is a totally positive and encouraging station. I have had friends depressed because of different challenges, find hope & encouragement through listening to K-LOVE.

Please do not take our station away. Thousands of us depend on K-LOVE daily.

Thank you,  
Dublin Ford
